

Workshop on Ind AS 116

Learning & Development Academy
by Grant Thornton in India

Delhi, Mumbai, Bengaluru

About the workshop

The Ministry of Corporate Affairs has notified Ind AS 116 with effect from 1 April 2019. It is based on International Financial Reporting Standard 16, Leases ('IFRS 16'), which became effective starting 1 January 2019.

This one-day workshop will focus on the changes under Ind AS 116, Leases, and their impact on various industries. We will also discuss the challenges faced by different industries while implementing Ind AS 115, Revenue from Contracts with Customers.

About the programme

Ind AS 116/IFRS 16, Leases

Ind AS 116/IFRS 16 represents the first overhaul of lease accounting in over three decades. The IASB has long considered the existing split between operating and finance leases as problematic as it has resulted in too much structuring and off-balance sheet financing. Therefore, IFRS 16 has done away with the operating versus finance lease distinction and requires accounting for all leases to be 'on-balance sheet' for lessees.

It has also revised the definition of 'lease contracts', which will now include most of the sale, purchase or service contracts to be classified as lease contracts in case the customer has obtained substantial benefits and has the ability to direct.

It will have a major impact on various industries like:

- Aviation
- Telecom
- Retail
- Information technology
- Automobile

Who it is for

- Chartered Accountants
- Professionals working in finance and accounts function across industries
- Consultants supporting the implementation of new standards

Deliverables

- 8-hour session on Ind AS 116 and the challenges in implementing Ind AS 115
- Handouts of presentations used during the session
- Case studies
- Post-training support and query management
- Certificate of participation

Learning outcomes
